

CON29DW Multi-Site Drainage and Water Enquiries

Why you need a CON29DW Multi-Site:

Do public water mains run within the boundary of any/all properties on a site?

Do public sewers run under any/all properties on a site?

A CON29DW Drainage and Water Enquiry provides essential information to prospective homeowners.

The CON29DW Multi-Site product is designed for new residential development sites and sites with multiple transactions. When you order the Multi-Site product* you will receive a full, property-specific CON29DW residential search for each property/plot.

- **The Multi-Site product can be used when ordering a CON29DW for five or more properties at the same time, on the same site and phase, and built by the same developer****
- **All Multi-Site orders will be delivered by email, ensuring a fast and efficient service**
- **Each CON29DW Enquiry identifies all the risks that a property may face in relation to the ownership and location of sewers and water mains.**

When ordering the Multi-Site product, the first CON29DW will be charged at the full rate and each subsequent CON29DW will be charged at a special reduced rate. Please visit our website for the current prices.

More information regarding the content of a CON29DW can be found on the CON29DW Drainage and Water Enquiry product information card or by visiting www.geodesys.com.

* All Multi-Site orders must be placed online.

** All property addresses and information such as a site plan, developer name and phase number (where applicable) must be provided at the time of placing the order. This product cannot be ordered in conjunction with any other offers and in the event of cancellation 100% of the fee will be charged.
