Conveyancing risk seminar agenda

08.30 Seminar Registration

09.00 Which Report? Identifying the right report for your transaction

Chris offers a unique insight into finding the correct environmental report for the right transaction.

***Speaker details:** Chris joined Landmark as a Business Development Manager in November 2011. During that time his responsibilities have developed, Chris now looks after a number of large sized resellers of Landmark products, providing support and CPD training across the country.*

10:00 Refreshments and Networking

10.30 Know your Fraud

This session looks at the tools you need to ensure your transactions are following due diligence. Utilising case studies to illustrate conveyancing fraud and how it continues to occur within the industry. Discussing what can and should be done to enhance the risk management processes within firms.

***Speaker details:** Paul's background sits within the financial and professional services industry, with nearly 30 years experience in banking and consultancy work within the legal sector. Paul currently heads up the Business Development team for Lawyer Checker*

11:30 Planning and Development

DevAssist provide useful information on planning and development risks that your clients are exposed to, and elaborate on what guidance you should be offering. The seminar content includes:

- Development in the UK
- National Planning Policy Framework
- Examples of risk and hidden value case studies.

***Speaker details:** Paul has been involved in the residential housing industry for more than 25 years. He has been responsible for the formation of three highly successful companies and created many imaginative and very profitable housing developments. Paul also created DevAssist's product range that offers the public a unique insight into any potential developments that could impact their future.*

12:45 – 14:00 Networking Buffet

Extend the conversation with our experts and other delegates over a buffet lunch.

Contact **Paul Smith** today if you would like to reserve a place for you and your team. Please call **07764 987 259** or email me at **paul.smith@geodesys.com**.
